

YZ Polysac[®]

450mg Pure Yunzhi Extract
Coriolus Versicolor
(60%⁺ Polysaccharides)

NPN 80036670

Made in Canada

YZ Polysac[®] is a natural mushroom supplement derived from the fruiting bodies of 100% wild crafted Yun Zhi (*Coriolus versicolor*) Mushroom. Yun Zhi mushrooms grow in the deep forests of mountains at high elevations where soil and air are exceptionally clean.

YZ Polysac[®] is carefully produced under rigorous standards using proprietary methods, which involve a special precipitation technique to ensure that the precious and active constituents in the powerful mushroom are captured. Each YZ Polysac[®] capsule provides at least 60% of polysaccharides; the active constituent. This is one of the highest amounts of polysaccharides that is commercially available among all *Coriolus versicolor* products on the market. Each YZ Polysac[®] 450mg capsule contains concentrated *Coriolus versicolor* essence equivalent to 6750mg dry fruit-body of Yun Zhi mushroom. YZ Polysac[®] is encapsulated in VegeCap, individually blister packed and boxed for protection and convenience.

YZ Polysac[®] Characteristics:

- ✓ Only natural plant fiber is used to enhance product quality
- ✓ Manufactured at a Canadian GMP certified facility
- ✓ 60%+ active polysaccharides certified by an international accredited inspection agency
- ✓ No irradiation involved during processing. Products are free of pollutants
- Indications:
- ✓ A natural health supplement (with NPN number) for supporting the immune system

Recommended Dosage:

Take 1 capsule every other day for use as antioxidants. For best results, use for a minimum of 3 to 9 months.

Take 1 capsule 1-3 times per day for supporting the immune system, or as directed by a health care practitioner.

Usage Recommandés: Antioxydant pour le maintien d'une bonne santé.

Utilisation Suggérée: Prenez 1 capsule tous les deux jours pour une utilisation comme antioxydants. Pour de meilleurs résultats, utilisez pour un minimum de 3 mois. Prenez 1 capsule 1-3 fois par jour pour soutenir le système immunitaire.

Attention: Consulter un praticien de soins de santé avant d'utiliser si vous êtes enceinte ou allaitez. Si vous prenez des immunosuppresseurs ou souffrez d'une maladie auto-immune, consulter un praticien de soins de santé avant d'utiliser.

Caution: If you are pregnant, breastfeeding, taking immune suppressants or are suffering from an autoimmune disease, consult with a health care practitioner prior to use.

YZ抗氧化多醣

是取自百分百野生無污染優質雲芝，是加拿大註冊專利。每粒珍貴的450mg，等同於6750mg乾燥雲芝。

YZ抗氧化多醣是人體吸收率特高的優質專利特效配方。特約聘請加拿大註冊科研專家顧問所監製。製作嚴謹工序繁複，採用沉淀純化等精細科技，提取出60%以上成份珍貴的“雲芝活性多醣”。

YZ抗氧化多醣特點：

- ✓ 為爽化黏稠的珍貴原材料產品輔料採用全天然植物纖維素，提升產品質素
- ✓ 經由加拿大GMP廠生產
- ✓ 國際認證所檢測
- ✓ 零輻射及零污染
- ✓ 本產品使用植物膠囊，素食者可用

建意服用方法和劑量：

每天1-3次，每次1粒，或徵詢醫生配合治療。隔日服用1粒作抗氧化作用。

為獲得最佳效果，請至少使用3到9個月。

注意：孕婦，母乳喂哺，服用免疫抑制劑或患有免疫性疾病人士，請在使用前徵詢醫生意見。

產品請儲藏在陰涼、乾燥地方。

主治功能：

Use as antioxidant

抗氧化功能使用：每隔1-2天服用1粒

- 可改善精神，面貌，體質及強化活力
- 建議連續服用3個月為一週期，效果顯著

To support the immune system

調節、支援人體免疫功能使用：
每天2次，每次1粒

- 適用於改善肝功能，呼吸系統等
每天3次，每次1粒
- 適用於癌症腫瘤，作化療，放射性治療後的藥物殘餘引起的副作用
- 有助減少嘔吐，食慾不振，脫髮及身體不適等毛病
- 能及時支援病患者，改善體質，增強生命力
- 病患者樂意使用，效果顯著
